Signature of Owner: _____ Date: _____

Joint owner (if any): _____ Date: _____

12. Fee calculation: Base Fee \$75.00 _____
- Number of Lots shown on plan _____ x \$75.00 each: _____
- Number of Parcels shown on plan _____ x \$75.00 each: _____
- Total Fee:** _____
- Amount waived (if any) - to be filled in by Planning Board only _____
- Waiver approved on _____
- Signed (Planning Board member) _____
- Adjusted Fee:** _____

**TOWNSEND PLANNING BOARD
FORM ANR - PAGE 2**

13. Purpose of ANR application:

14. Provide the following information for each lot (conforming to zoning) to be created or changed based on the changed version. Include any lots that are to be recipients of parcels cut off by this plan. Attach additional sheets if necessary. You may use blank paper instead of this form, so long as the layout of the following table is essentially the same. If only one street is involved, please just list it once.

Lot Number	Street Name	Frontage (in ft)	Area (in acres for RA, RB, sq. ft in other zones)

15. Provide the following information for each parcel (properties that do not meet zoning requirements) based on the changed version. Attach additional sheets if necessary. If all properties shown on the ANR plan meet zoning, you may omit this section.

Parcel _____ Area: _____ (acres in RA/RB, sq. ft. in other zones)
Frontage _____ Street (if any): _____

Why does the creation of this parcel not require approval as a subdivision? Please include the disposition or intent for this parcel. (The most common answer is that this parcel is to be conveyed to someone else; if so, please indicate to whom and with which property it will be combined.)

Parcel _____ Area: _____ (acres in RA/RB, sq. ft. in other zones)
Frontage _____ Street (if any): _____

Why does the creation of this parcel not require approval as a subdivision? Please include the disposition or intent for this parcel.

FORM ANR - PAGE 3**

16. This form must be signed and completed by the surveyor or engineer, not the applicant.

Describe each street shown on the plan that is asserted to provide frontage.

Name of Street: _____

Width (give min and max if variable): _____

Is this street currently maintained by the Townsend Highway Department? _____

Condition (check just one; attach more details if necessary):

- Recently Paved
- Paved, typical wear and tear (potholes, cracks, but traffic can still flow at the posted or implicit speed)
- Paved, broken, traffic must go significantly slower than when the pavement was new
- Unpaved

Are there any guardrails, barriers, or other obstacles that would interfere with access to the parcel from this street? Please describe.

17. Plan Prepared by:

Name: _____

Street Address: _____

City/Town: _____ State _____ Zip _____

Phone: _____

Check one:

- I certify that the above information is true and complete, and that there are no conditions that would make access to the build-able area of the properties from this street questionable.
- I certify that the above information is true and complete, but there are other issues that make access to the build-able area of the properties from this street questionable (*attach explanation separately*).

Signature: _____
