RE:

**REPORT UNDER the Zoning Bylaws, Code of the Town of Townsend Section 145-36 D**

Pursuant to Zoning Bylaws, Code of the Town of Townsend Sections 145-36 D and 145-36 C (2), this memorandum states that the above-referenced petition is:

In compliance / not in compliance

With 145-36 C (2), e.g. adequate provision has been made for disposal of sewage, waste and drainage of the proposed accessory apartment in accordance with the requirements of the Board of Health and Title V.

**ACCESSORY APARTMENTS FOR FAMILY MEMBERS ONLY:**

Board of Health: *please sign below if the following applies:*

The Board of Health has determined that the existing system is functioning. The Board recognizes that the existing system does not meet the present standards. However, because there is no expansion proposed for the accessory apartment, Board of Health regulations does not require that the system be upgraded at this time. If the system does fail in the future, the Board of Health will require that the system be brought up to current standards.
